Why invest in a Trilogy pool?

TRILOGY: THREE WORKS OF ART THAT DEVELOP A SINGLE THEME.

Whether it is the newest innovation, a unique expression of your personal style, or the freedom to create a Water Feature You Can Swim In™, a Trilogy Pool is the right choice for you. Trilogy is more than color or shape—it's flow and emotion and endless design possibilities.

While you think about that perfect backyard, remember that Team Trilogy wants to help you make your dream environment a reality. We're not here to just sell another shell; we're here to help you create a pool that is as beautiful to view as it is to use. Spend some time on the Trilogy Pools website (www.trilogypools.com) to find that perfect combination of swimming pool, deck, tile, water feature, and water color.

At Trilogy, our most important innovations have come from asking "How can we do it better?" We continue to ask the questions: "Why can't you have a variety of color choices?", "Why can't you have a customized

fiberglass pool?", "Why can't you have a swim-safe environment?", "Why can't your swimming pool be virtually maintenance free?"

As a result of asking these questions, something amazing happened! With the help of our Trilogy Builder Network, we found answers to these and other questions that allowed us to truly change the way you see fiberglass pools.

From our innovative design concepts and custom features, to our award-winning quality control process and extensive warranty, Trilogy Pools offers you beauty, quality, and complete peace of mind that you've made the right choice with Trilogy.

Come on in...the water is beautiful!

INNOVATION...STYLE...FREEDOM...THIS IS TRILOGY

Enhance your quality of life

FOR ALL THE PLACES YOU'VE VISITED AND SIGHTS YOU'VE SEEN, THERE STILL IS NO PLACE LIKE HOME. This is where you retreat to create a world of your own...where friends and love ones gather to celebrate another day of life...where all your memories are kept and you're free to be exactly who you are.

DOWN TIME

There's something about water and its magical reflection of light that sets the mood for fun and ultimate relaxation. You can swim away your cares, float for hours gazing at the changing sky, or relax poolside and peacefully contemplate all the goodness in your life. Trilogy Pools create magical environments.

FAMILY TIME

As your family playground, our pools are the source of unending enjoyment. Keep the kids at home as they entertain their friends. Hold family gatherings—it doesn't get any more relaxing and fun than swimming and eating outdoors on a balmy afternoon.

While the kids will thoroughly enjoy spending all that time and energy at the pool, this beautiful setting also helps adults escape from the ordinary. You will surely appreciate the different moods your pool offers

as the quiet mornings give way to playful afternoons and then transform back to peaceful sunsets. Create an extraordinary retreat from your daily routine.

PRIME TIME

Trilogy pools are designed to be extraordinary. Your pool will set a unique tone for your home, with a measure of elegance that will never go out of style. It's an investment in good living, your way.

Fusion: Water features you can swim in®

INTRODUCING FUSION™—a revolutionary concept in swimming pools. This groundbreaking line of composite pools is unlike any other on the market, combining aesthetics, low maintenance and a number of proprietary features to create a totally new experience for homeowners. This is not your average swimming pool. This is FUSION. Water features you can swim in.

The FUSION line of swimming pools was created in response to the rising consumer demand for exceptional design features and affordability. With that in mind, we set out to develop a line that offered the custom look of concrete pools with the extremely low maintenance of composite pools. The result is a state-of-the-art system that stands in a class of its own.

FUSION's patent-pending modular construction gives pool builders a wide palette of choices that will be directed by your personal tastes and the physical boundaries of your backyard. The result is a water feature that is beautiful to look at, comforting to hear and entertaining to swim in—a source of enjoyment for you and your family for years to come.

BEAUTIFY YOUR WORLD.

By all standards, the FUSION line expands the boundaries of pool design. With our modular options, homeowners can now integrate Fusion into their backyard setting according to their own personal vision. The result is a visually stunning ambience that never fails to inspire. It's an ideal backdrop for endless hours of entertainment. It's like customizing your backyard to suit your lifestyle perfectly. And that sound you hear? That's a blend of splashing water and exhilaration.

THE BEST IN MATERIALS AND MANUFACTURING

Trilogy Pools partners with the best resin suppliers in the United States, and selects the best raw materials available.

Our quality control system ensures that your pool will be durable and beautiful. We can tell you the day your pool was built, the shop conditions, the glass technicians, the lot and batch numbers of your resin, and even retain a piece of your pool in our files—FOREVER! Let's take a look at the actual manufacturing process and you will see why a Trilogy Pool equals Peace of Mind!

UNPRECEDENTED WARRANTY

When purchasing a swimming pool, there are a few things that simplify your decision to purchase from one company or another. One of them is the warranty. How good is it? Who stands behind it? And will that company stand behind it when something happens unexpectedly?

It's important to be concerned about the limited warranty of every major purchase you make!

You should know that the Trilogy Pool Warranty is the result of many years experience and thousands of swimming pools built for families across the nation. When you purchase a Trilogy Pool, you can be assured that we stand behind a lifetime ownership warranty.

Some of the Highlights of Your New Trilogy Pool Warranty:

- Quality Control Documentation Packet kept on file forever!
- Limited Lifetime Structural Warranty
- 10 year non-prorated Surface Warranty
- And it's Transferable too!

Some might call this Overkill; we call this Peace of Mind!

HIGH PERFORMANCE

The unique look and unmatched durability of our pools are a direct result of our manufacturing process. This includes taking over 60 measurements during pool construction and providing a comprehensive quality report that includes a retained sample from every pool we manufacture. This enables the highest quality that can only be assured through meticulous recording. Once the manufacturing is complete, you've got a pool that is as durable as it is beautiful.

Trilogy pools are extremely easy to maintain. Many come with advanced electronics, remote control features and simplified operating procedures. You'll have time to enjoy your pool, spending only minimal time looking after it.

OUR MANUFACTURING PROCESS USES THE HIGHEST QUALITY COMPOSITE RESINS AND GEL COATS IN THE INDUSTRY

1. Coping Options • Brick, Concrete, or Stone Coping provides an elegant and durable finished edge around your Trilogy Pool®.
2. Interlocking Bond Beam • The Bond Beam is formed when concrete from the deck is poured around and up next to the coping of the pool. This step structurally ties your deck to the outside of the swimming pool shell.
3. Gel coat/Solid Surface Pool® • Whether you choose a white gel coat finish or one of the 12 beautiful Solid Surface Pool finishes, you are assured of

maintenance-free durability for years to come.

4. Vinyl Ester Skin • This 100 mil layer gives your pool extreme resistance to even the most corrosive chemicals. It also

adds significant strength and dimensional stability to the pool shell.

5. General Purpose (GP) Resin • This structural layer provides the rigidity needed for transportation and installation of the swimming pool.
6. Woven Roving GP Resin • This 24 oz. woven glass cloth is the final laminate for a Trilogy Pool. The glass cloth encases the entire pool in a network of fiberglass. The end result is a swimming pool with outstanding structural integrity.

Trilogy has been recognized by the American Composite Manufacturing Association (www.acmanet.org) for outstanding achievement:

- 2003 Excellence & Innovation Award for operations
- 2006 the ACE Award for outstanding open molded product, the highest award in the composites industry.

CHOOSE FROM ONE OF TWELVE SOLID SURFACE POOL[®] FINISHES

Trilogy Pools is excited to offer a fashionable alternative to the standard white gel coat finish. The luxurious solid surface finish you've seen on countertops and vanities can now be a part of your Trilogy Pool at a surprisingly affordable price.

Trilogy is the industry leader in solid surface pool finishes. We have thousands of pools installed during the last decade with excellent performance. We even built chemical testing tanks for a leading pool chemical manufacturer—an environment many times more abusive than your backyard will ever be.

Trilogy Solid Surface Pools have the look of high-end “pebble” finishes without all of the maintenance. This finish gives Trilogy Pools a stunning visual texture combined with a smooth and maintenance-free surface.

Our Solid Surface Pool finish is available in twelve exciting colors specifically designed for swimming pool applications. Ask your Trilogy Pool Builder about this revolutionary solid surface pool finish.

VANTAGE
IN-FLOOR CLEANING & CIRCULATION

VANTAGE CLEANS YOUR POOL SO YOU DON'T HAVE TO

WHEN IT COMES TO SPENDING YOUR FREE TIME THERE ARE MORE IMPORTANT THINGS TO DO THAN TENDING TO YOUR SWIMMING POOL. THANKS TO VANTAGE, THE AUTOMATIC IN-FLOOR POOL CLEANING AND CIRCULATION SYSTEM, YOUR POOL CAN BE BUILT TO CLEAN ITSELF WHILE YOU RELAX. BUILT RIGHT INTO THE POOL VANTAGE IS ENGINEERED TO CLEAN YOUR ENTIRE POOL, INCLUDING FLOORS, STEPS*, WALLS, BENCHES*. WHEN NOT OPERATING, VANTAGE DISAPPEARS BACK INTO THE POOL FLOOR, MAKING IT VIRTUALLY INVISIBLE. THERE ARE NO UNSIGHTLY ROBOTIC CLEANERS AND HOSES. ALL THAT'S LEFT IS A SPARKLING CLEAN POOL THAT'S READY TO ENJOY.

VANTAGE IMPROVES THE POOR CIRCULATION FOUND IN ORDINARY POOLS. USING ROTATING CLEANING JETS STRATEGICALLY PLACED IN THE POOL FLOOR, STEPS* AND BENCHES*, VANTAGE EVENLY CIRCULATES WATER THROUGHOUT EVERY SQUARE INCH OF YOUR POOL. THIS IMPROVED CIRCULATION HAS BEEN PROVEN TO CREATE CLEANER, HEALTHIER MORE COMFORTABLE POOL WATER WHILE REDUCING THE LOSS OF CHEMICALS AND HEATING ENERGY TO THE ATMOSPHERE. THIS MEANS VANTAGE WILL SAVE YOU MONEY WHILE IT DELIVERS HEALTHIER WATER.

CIRCULATION BENEFITS:

- ENJOY CLEANER, HEALTHIER WATER
- NO POORLY-CIRCULATED ALGAE-PRONE AREAS.
- ELIMINATES COLD SPOTS FOR MORE COMFORTABLE SWIMMING.
- SAVES CHEMICALS FOR THE LIFE OF THE POOL.
- SAVES ENERGY COSTS FOR THE LIFE OF THE POOL.
- BETTER FOR THE ENVIRONMENT.
- INDEPENDENTLY PROVEN TO SAVE YOU MONEY FOR THE LIFE OF YOUR POOL.

Jandy Versa Plumb System

— The Most Energy Efficient, Earth Friendly Pool System in the World!

The patented Versa Plumb design is the foundation for efficiency and hydraulic integrity — hydraulic integration by design.

Versa Plumb products have been engineered as components of the whole system, not individual pieces of equipment. The result is a pool system that conserves energy and lowers operating costs. It's friendly to your pocketbook and friendly to the environment.

WaterColors LED Lights

— Color Your World

Jandy's LED lights with patented technology are the most energy efficient lighting option available — using less than 50 watts per light.

WaterColors LED Pool and Spa Lights will dramatically change the look and feel of any backyard landscape, evoking memories of far-off beaches or a lush tropical island. Energy-efficient, WaterColors LED lights provide the finest, brightest colors for your pool and spa.

AquaLink® RS Control Systems

— The Finest in Pool and Spa Automation

Imagine a pool that can think. A pool that knows it is important to stay clean and use less energy. A pool that reacts to its environment, and can change the way it is operating, to stay cleaner, and run more efficiently. Jandy's ESP-Link (Energy Saving Programs) provides the brainpower that allows your pool to do just that. Usage – and seasonal changes – are analyzed to automatically synchronize equipment schedules – optimizing system performance and minimizing energy consumption. The ESP-Link — it knows what your pool needs before you do!

Nature² Mineral Sanitizer

— Pool Water Clarity You Can See and Feel

Nature² uses patented mineral-bed technology to destroy bacteria and algae and provides clean, silky-smooth, crystal clear water. Minerals make the water noticeably softer, and less chlorine means a lower potential for red-eye, dry skin, or foul odors.

The sanitizer contains no moving parts and is unaffected by heavy use, hot weather and water temperature. It provides the ultimate in water sanitation for your pool for six months.

AquaPure® Salt Chlorine Generator

— Perfect Pool Water ~ Naturally

AquaPure is a self-contained, compact purification system which fulfills all of your pool's sanitizing needs. Utilizing ordinary salt, the electrolytic cell generates free chlorine year-round. When the chlorine is finished purifying the pool water, it converts back into salt and the whole cycle repeats; no need to add more salt or chlorine ever again. When there is an increased need for chlorine, AquaPure will boost chlorine production automatically, saving you time and money.

Working with Your Builder

YOU'VE MADE THE EXCELLENT DECISION TO PURCHASE A TRILOGY POOL. Now comes the next step: finding a pool contractor to work with. We can help! Simply go to our website, trilogypools.com, find the builder locator and fill out the questionnaire. The valuable information you provide will be presented to builders in your area who will contact you directly. They can review your pool project, answer your questions, and give you a proposal.

Next step: start designing your dreamscape!

TESTIMONIALS

This was the first time we had built a pool. We, naturally, faced a lot of unknowns and worries. The Trilogy Team took every concern away.

When I say "team," I mean exactly that. They worked together for us. Each facet was explained clearly. Every element was carried out in a professional manner. It was, in short, from ideas to implementation, a totally satisfying experience. And, do we ever love our pool! Thank you, Trilogy!

Cecelia and Flavil Van Dyke, Tennessee

I want to thank you very much for your time and patience in assisting us in the pool installation process. I know how difficult it can be to please customers, being in the remodeling business. The pool has turned out better than I could have imagined. Thanks again and we look forward to working with you in the future.

Robert Mannion, Virginia

The Brock family wants to say "thank you" for a job well done, for making our backyard pool dream a reality. It has proven to be one of our best investments ever.

Thank you for the initial emails and phone contact. It gave us the information to begin our pool ownership journey. Your knowledge and vision have provided us with a backyard we actually use. It is our oasis. Our pool, spa, firepit and entertaining area are beautiful additions to our home. We are proud to share our Trilogy pool with our family and friends.

Diana and Chuck Brock, Virginia

It is nice to have products that truly rise above the competition. The innovation and technology that Trilogy brings to the pool industry stands alone. We feel fortunate to be aligned with their outstanding company.
